- Drafted contracts and handled client interactions in areas including property law, and intellectual property law.
- Assisted in reviewing and drafting legal opinions on intellectual property and contract-related matters.
- Conducted in-depth legal research to support ongoing cases and client consultations.

PROJECT EXPERIENCE

CyberPAW / Phishing & Malicious Link Scanner

- Developed a phishing detection tool integrating VirusTotal API (89+ vendors)
- Built using Python (Flask), HTML/CSS/JavaScript
- Designed an accessible, user-friendly interface for non-technical users
- Focused on real-time threat detection and security education

Project Code-Hijabi / Founder & Program Lead

MARCH 2026, HYBRID

- Built a community-driven NGO for Muslim women in tech
- Designed structured training tracks (frontend, backend, mobile, game development)
- Coordinated mentorship, operations, and community engagement
- Organized and supported tech initiatives to increase visibility and participation

Forage (Latham & Watkins) / Fraud Investigation Simulation

FEBRUARY 2024

- Conducted fraud-related document analysis using targeted search strategies
- Developed structured interview questions for witnesses
- Assessed potential fines and sentencing implications.

LEADERSHIP EXPERIENCE

Technology Law Club, Lagos State University / Vice President OCTOBER 2025 - MAY 2026, HYBRID

- Led the planning and execution of the club's first-ever Code4Justice Hackathon, a month-long initiative focused on building technology-driven solutions for legal and social justice challenges, coordinating participants, mentors, and program structure from inception to delivery
- Oversaw participant engagement and progress throughout the hackathon, ensuring consistent accountability, task completion, and collaboration across teams, while maintaining structured timelines and deliverables
- Organized and facilitated mentorship sessions, connecting participants with guidance on legal-tech innovation, problem-solving approaches, and project development, improving overall quality of outputs and participant experience
- Provided strategic leadership in aligning club activities with the intersection of law, technology, and cybersecurity, driving initiatives that strengthened members' practical exposure beyond theoretical learning
- Supervised operational execution of programs and internal coordination within the club, ensuring smooth communication, effective task delegation, and consistent progress across all ongoing initiatives

Technology Law Club, Lagos State University / Head of Research NOVEMBER 2024 - OCTOBER 2025, HYBRID

- Led research initiatives on emerging issues in technology law
- Supervised research projects and coordinated knowledge-sharing sessions

Gani Fawehinmi Students' Chamber, LASU CHAPTER / Associate Partner JANUARY 2023 - APRIL 2026, ON-SITE

- Specialize in legal drafting, mootings, and research for high-profile

mooting competitions and mock trials.

- Assist senior partners in drafting legal documents, conducting comprehensive legal research, and preparing for litigation.
- Collaborate with teams to handle complex legal matters in various areas, including contract law and intellectual property.

Intellectual Property Law Club, LASU / Head of Organizing

AUGUST 2024, ON-SITE

- Spearheaded the planning and execution of events, workshops, and seminars on intellectual property rights and law.
- Worked closely with club members and professionals to promote legal education and practical exposure in intellectual property law.

Maritime Law Club, LASU / Assistant Director of Research

SEPTEMBER 2024, HYBRID

- Conducted legal research in maritime law topics, supporting the club's legal research team.
- Assisted in organizing research workshops and drafting reports on current developments in maritime law.

Tech Law Club, Lagos State University / Head of Resources

JUNE 2024 - OCTOBER 2024, HYBRID

- Managed the development and organization of resources for club members, ensuring access to relevant legal tech materials and research tools.
- Facilitated workshops and training sessions on emerging technologies in the legal field, enhancing members' understanding of tech law.
- Collaborated with industry professionals to source and curate educational content, fostering a strong network between academia and the legal tech community.
- Oversaw the club's resource library, maintaining up-to-date legal publications, tech resources, and case studies for student reference.

VOLUNTEERING EXPERIENCE

The Techy Muslimah Network / Social Media Coordinator

SEPTEMBER 2024 - PRESENT

- Developed and executed social media strategies to promote the visibility of Techy Muslimah Network across platforms, increasing engagement by 60% over 2 months.

- Created and curated relevant content focused on empowering Muslim women in technology, including educational posts, event promotions, and success stories.
- Managed community engagement, responding to inquiries and fostering discussions to build a supportive and inclusive online community for Muslim women in tech.
- Collaborated with the leadership team to align social media campaigns with overall organizational goals and outreach initiatives.

Wetech / Ambassador

JULY 2024 - PRESENT

- Promoted Wetech programs, empowering women in technology and legal tech spaces.
- Organized and volunteered for tech events and workshops to increase visibility of opportunities for women in tech.
- Engaged with a community of women in tech, fostering mentorship and networking opportunities.
- Helped develop initiatives aimed at enhancing tech skills and leadership among women.
